Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	**Stage 1**	**Stage 2**	**Stage 3**
Actions *What does the customer do?*	• Choose a food photo • Check nutrition estimate • Review result	• Open freshness check • Compare visible signs • Read guidance	• Enter meal preferences • Explore recipes • Choose a meal plan
Touchpoint *What part of the service do they interact with?*	• Food photo upload • Recognition result • Nutrition summary	• Camera or image upload • Freshness result page • Safety guidance	• Recipe and planner UI • Preference form • Suggested meals
Customer Thought *What is the customer thinking?*	• “What food is this?” • “How much nutrition?” • “Can I trust this?”	• “Does it look fresh?” • “What signs matter?” • “Is this enough to know?”	• “Will this fit my diet?” • “What can I cook?” • “Can I personalize it?”
Customer Feeling *What is the customer feeling?*	• Curious, then informed • More confident • Still cautious	• Interested but uncertain • Cautious about safety • Needs clear limits	• Hopeful and supported • Less decision fatigue • In control of choices

Process Ownership *Who is in the lead on this?*	• User + food-recognition module	• Freshness module + user	• Meal-planner / recipe module
Opportunities *How can we improve this stage?*	• Improve upload clarity	• Explain uncertainty clearly	• Add preference controls
